Read it in any order. Everything here is the tradition's reading of the chart, offered as tendencies, not as a forecast of events.

CHAPTER 1

The area as your chart reads it

Work is read first from the 10th house, of career and standing; then the 6th, of daily service and rivals; the 2nd and 11th, of what work earns; and the Dasamsa (D10), the chart of the career itself.

Career and work Mixed

Work and standing show both help and friction in your chart, so the tradition reads progress here as coming in steps, with good stretches and slower ones. On the helpful side: Mars, the ruler of your 10th house (career) is in its best sign (exalted), so it can deliver well. On the side that needs care: Moon, the ruler of your 6th house (work and routines) shares a sign with Ketu, a harsher influence. The tradition expects this area to come forward most in the periods (dashas) of Mars, Jupiter and Moon.

Why

- Moon, the ruler of your 6th house (work and routines) shares a sign with Ketu, a harsher influence.

- Mars rules your 10th house of career and reputation and sits in your 12th house of spending, rest and foreign places.
  10th lord Mars in the 12th; Mars exalted, which softens it. Source: BPHS 24.120

What helps

- Setting one clear goal at a time and finishing it.
- Keeping good relations with seniors and colleagues.

CHAPTER 2

The houses that hold it

Each house that holds this area, in your chart: the sign on it, its lord and where the lord sits, the planets in it, and its strength by the two classical measures (Bhava Bala in rupas, and the Ashtakavarga points of its sign, where 28 is the average).

The 10th house: career and standing

Scorpio

LORD	PLANETS IN IT	STRENGTH
Mars, in the 12th (Capricorn)	none	8.8 rupas · 39 points

The lord, Mars, is exalted there, its best sign.

The 10th house covers your work in the world, career, public name and the authority you carry. The tradition reads it as the house of what you do and are known for.

The 6th house: service and rivals

Cancer

LORD	PLANETS IN IT	STRENGTH
Moon, in the 5th (Gemini)	none	7.79 rupas · 33 points

The lord, Moon, is in a great friend's sign.

The 6th house covers your daily work and routines, service to others, competition, rivals and debts. The tradition reads it as the house where steady effort wins over obstacles.

The 2nd house: money and family

Pisces

LORD	PLANETS IN IT	STRENGTH
Jupiter, in the 7th (Leo)	Mercury	8.58 rupas · 26 points

The lord, Jupiter, is in a neutral sign.

The 2nd house covers what you save and build up, the family you grow up in, food and the way you speak. The tradition reads it as the house of what you hold on to.

The 11th house: gains and income

Sagittarius

LORD	PLANETS IN IT	STRENGTH
Jupiter, in the 7th (Leo)	Rahu	9.29 rupas · 33 points

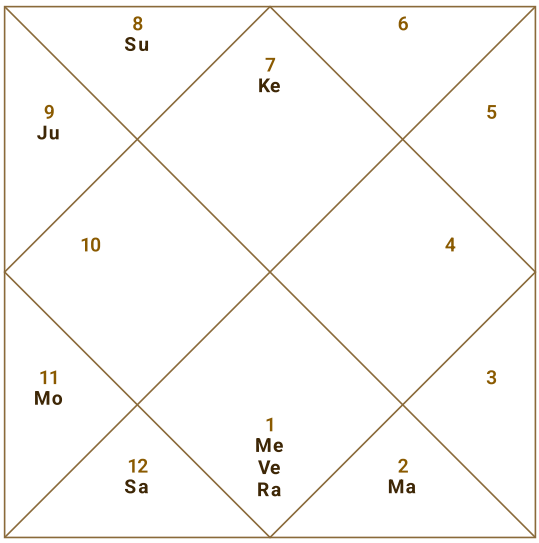

The lord, Jupiter, is in a neutral sign.

The 11th house covers earnings and gains, elder brothers and sisters, friends, networks and wishes coming true. Like the 3rd, it is read as a house that grows over time.

CHAPTER 3

The divisional chart

PLANET	SIGN IN THE D10
Sun	Scorpio
Moon	Aquarius
Mars	Taurus
Mercury	Aries
Jupiter	Sagittarius
Venus	Aries
Saturn	Pisces
Rahu	Aries
Ketu	Libra

CHAPTER 7

How this was made

This reading was computed for the birth given, in the sidereal zodiac with the Lahiri ayanamsha and whole-sign houses. The house readings follow BPHS and Phaladeepika in our own words; the verses are from the volunteer transcriptions at sanskritdocuments.org, and what each says is written by VedicSense.

It describes tendencies as the tradition reads them. It is not a prediction of events, and it is not medical, legal or financial advice.
