Read it in any order. Everything here is the tradition's reading of the chart, offered as tendencies, not as a forecast of events.

CHAPTER 1

Your year at a glance

This is your 2027 read the way the tradition times a year: by the dasha you are running and by the slow planets moving through the signs, counted from your Moon. A month marked supportive has more of its transits in the houses the texts favour; one marked for care has fewer. Neither is a forecast; both are a way to plan.

CHAPTER 4

The periods running this year

The sub-periods (antardashas) that run during 2027, read as the tradition reads the two planets together, with the finer pratyantars inside each.

Mercury mahadasha, Venus antardasha

28 May 2024 to 29 Mar 2027

Venus within Mercury's period joins clever thinking with taste, art and pleasant company.

What it supports. The tradition reads it as favourable for creative and design work, business with a friendly touch and easy social ties.

What needs care. Watch for spending on comforts and for choosing what is pleasant over what is needed.

How it often feels. Many people feel lighter, enjoy their friendships and find their skills earning more appreciation.

PRATYANTAR	FROM	TO
Mercury	3 Sep 2026	27 Jan 2027
Ketu	27 Jan 2027	29 Mar 2027

Mercury mahadasha, Sun antardasha

29 Mar 2027 to 2 Feb 2028

The Sun's sub-period in Mercury's years puts your ideas in front of people in charge.

What it supports. It is read as good for presenting your work, dealing with officials and taking a role that carries some authority.

What needs care. Watch for arguments with seniors and for pride getting in the way of a good idea.

How it often feels. People often find their work is more visible, and they learn to speak with more confidence.

CHAPTER 6

Your varshaphal: the year's own chart

In the Tajika system a year of life has its own chart, cast for the moment the Sun returns to its place at your birth. Yours for 2027 begins on 15 March 2027, 05:50:14.

THE YEAR'S ASCENDANT	MUNTHA	LORD OF THE YEAR
Aquarius	**Capricorn, your 12th**	**Mercury**

Muntha. In the 12th, on expenditure, withdrawal, foreign places and rest.

The year's lord. A Mercury year turns on communication, trade, study, documents and negotiation.

5 to 10 of 20 is workable but unremarkable; the graha's results tend to need support.

The year's own periods (mudda dasha)

PERIOD	FROM	TO	IN THE YEAR'S CHART
Rahu	2027-03-15	2027-05-09	Capricorn, house 12
Jupiter	2027-05-09	2027-06-26	Cancer, house 6
Saturn	2027-06-26	2027-08-23	Pisces, house 2
Mercury	2027-08-23	2027-10-14	Aquarius, house 1
Ketu	2027-10-14	2027-11-04	Cancer, house 6
Venus	2027-11-04	2028-01-04	Capricorn, house 12
Sun	2028-01-04	2028-01-22	Aquarius, house 1
Moon	2028-01-22	2028-02-22	Taurus, house 4
Mars	2028-02-22	2028-03-14	Cancer, house 6

CHAPTER 7

Saturn this year

Saturn is not passing the signs the tradition watches around your Moon (Sade Sati or a Dhaiya) during 2027.

CHAPTER 8

How this was made

This reading was computed for the birth given, in the sidereal zodiac with the Lahiri ayanamsha, from planetary positions checked in our own tests against reference ephemerides. Transits are counted from the natal Moon, as gochara is read; the houses favourable for each planet follow the classical lists. The good days combine the panchang's rating for beginning work with your tara bala and chandra bala.

It describes tendencies as the tradition reads them. It is not a prediction of events, and it is not medical, legal or financial advice. A birth time a few minutes off can move the dates of the finer periods.
